Profile

I'm a passionate and detail-oriented UI/UX designer with 4 years of hands-on experience creating intuitive, user-focused digital experiences. I enjoy turning complex problems into clean, accessible designs, and I'm confident working with modern web technologies and design systems. I'm always eager to learn, grow, and collaborate committed to delivering thoughtful, high-quality work that makes a real impact.

WORK EXPERIENCE

Treeleaf technologies Sep 05 – Jan 05, 24

UI/UX Designer Kathmandu, Nepal

- Created company portfolio and pitch deck
- Designed Saas software and websites
- Collaborated with developers to integrate UI designs
- Communicated design ideas and project updates effectively
- Managed multiple design tasks and met deadlines

Vrit Technologies Aug 05, – Dec 12, 2025

Product Designer Kathmandu, Nepal

- Designed and delivered end to end UI/UX for SaaS products, including AI-driven chat platforms, CRM systems, and marketing websites (e.g., Orbit Chat AI).
- Created user flows, wireframes, high-fidelity interfaces, and interactive prototypes aligned with business and user goals.
- Led design for marketing and conversion-focused pages, improving clarity, onboarding, and lead generation.
- Designed scalable email templates and communication assets aligned with brand and product guidelines.
- Worked on diverse industry projects, including education consultancy platforms (Cloud Education) and consumer brands (Glow Care Skincare).
- Collaborated closely with developers to ensure accurate UI implementation, design consistency, and smooth handoff.
- Maintained design systems and reusable components to support efficient product development.

Nest Nepal Jan 06 – Present, 26Jan

UIUX / Graphics Designer Kathmandu, Nepal

- Designed and delivered **marketing websites and digital experiences** for Nest Nepal, Nest SMS, and Babal host, focusing on responsive UI, usability, visual hierarchy, and brand consistency.
- Led the **UI/UX and product design of Nest SMS**, translating product requirements into intuitive user flows, interfaces, and dashboard experiences.
- Designed the **Nest Nepal corporate website**, establishing a modern digital presence aligned with the company's brand identity and business objectives.
- Designed the **Babal host website**, developing the visual direction, page layouts, and responsive user experience.
- Developed **brand guidelines and visual identity systems**, defining typography, color usage, layout principles, and consistent brand application across digital and physical touchpoints.
- Designed **branded merchandise and corporate collateral**, including bottles, diaries, pens, ID cards, calendars, T-shirts, and other company materials.
- Collaborated across **product, marketing, and development teams** to turn business requirements into practical, user-focused digital and visual solutions.
